Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

The references cited on attached form PTO/SB/08A are being called to the attention of the Examiner. Copies of the references are enclosed. These references were previously cited in an Information Disclosure Statement submitted to the U.S. PTO on September 7, 2001, for this application. Copies of the references were not enclosed. At that time, applicants' attorneys were apprised from an attorney, through firmwide electronic mail, that he had received an Office Action (in an unrelated application), whereby the Examiner stated that it was not necessary to submit copies of cited U.S. patents to the U.S. PTO, that "U.S. patents are readily available to Examiners in paper and electronic form."

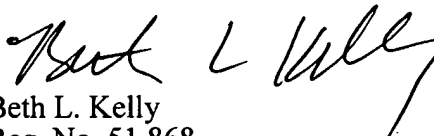

It is respectfully requested that the cited references be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

As provided for by 37 CFR 1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

This IDS is being filed before the mailing date of the final Office Action or Notice of Allowance.

In view of the above, should a fee be deemed due, please charge the IDS fee of \$180 to Deposit Account No. 20-1430. Please deduct any additional fees from, or credit any overpayment to, the above-noted Deposit Account.

Respectfully submitted,
